

NON-ALCOHOLIC SPIRIT ALTERNATIVES · CORE TIER

A true 0.0% never fermented, never alcohol

Mommos Botanicals covers the working shape of a zero-proof back bar in five bottles — gin, spiced rum, amaretto, coffee and a bitter aperitif. Because nothing is ever fermented, there is no alcohol to remove and no trace left behind.

That distinction matters commercially: dealcoholized wines and spirits typically retain a trace of alcohol, which rules them out of dry venues, observant settings and recovery-focused programs. Mommos clears all of them.
